Index to Volume XX (1983)

The number in parentheses indicates the issue in which the article will be found; the final number indicates the page.

Becker, I. Control of acquisition of eye contact by distorted and undistorted music stimuli; *20* (3) 132.

Boyle, M. E. See Nicholas, M. J.

Braswell, C., Brooks, D. M., Decuir, A., Humphrey, T., Jacobs, K., & Sutton, K. Development and implementation of a music/activity therapy intake assessment for psychiatric patients. Part I: Initial standardization procedures on data from university students; *20* (2) 88.

Brooks, D. M. See Braswell, C.

Davis, W. B., Wieseler, N. A., & Hanzel, T. E. Reduction of rumination and out-of-seat behavior and generalization of treatment effects using a non-intrusive method; *20* (3) 115.

Decuir, A. See Braswell, C.

Dorow, L. G. See Williams, G.

Force, B. The effects of mainstreaming on the learning of nonretarded children in an elementary music classroom; *20* (1) 2.

Geringer, J. M. See Madsen, C. K.

Gfeller, K. E. Musical mnemonics as an aid to retention with normal and learning disabled students; *20* (4) 179.

Gibbons, A. C. Primary measures of music audiation scores in an institutionalized elderly population; *20* (1) 21.

Gibbons, A. C. Item analysis of the primary measures of music audiation in elderly care home residents; *20* (4) 201.

Graham, R. M. See Hair, H. I.

Greer, R. D. A fanciful and a not-so-fanciful tale; *20* (3) 108.

Hair, H. I., & Graham, R. M. A comparison of verbal descriptors used by TMR students and music therapists; *20* (2) 59.

Hanser, S. B., Larson, S. C., & O'Connell, A. S. The effect of music on relaxation of expectant mothers during labor; *20* (2) 50.

Hanzel, T. E. See Davis, W. B.

Henderson, S. M. Effects of a music therapy program upon awareness of mood in music, group cohesion, and self-esteem among hospitalized adolescent patients; *20* (1) 14.

Humphrey, T. See Braswell, C.

Hylton, J. Music programs for the institutionalized elderly in a midwestern metropolitan area; *20* (4) 211.

Jacobs, K. W. See Braswell, C.

Larson, S. C. See Hanser, S. B.

Madsen, C. K., & Geringer, J. M. Attending behavior as a function of in-class activity in university music classes; *20* (1) 30.

Madsen, C. K. Ideas versus behavior: Comparisons of children and adults' ability to specify measurable behavior; *20* (4) 170.

Nicholas, M. J., & Boyle, M. E. An annotated bibliography of single case experimental research in music therapy: *Journal of Music Therapy* publications 1966–1982; *20* (3) 156.

O'Connell, A. S. See Hanser, S. B.

Staum, M. J. Music and rhythmic stimuli in the rehabilitation of gait disorders; *20* (2) 69.

Sutton, K. See Braswell, C.

Wieseler, N. A. See Davis, W. B.

Williams, G., & Dorow, L. G. Change in complaints and non-complaints of a chronically depressed psychiatric patient as a function of an interrupted music/verbal feedback package; *20* (3) 143.

Wylie, M. E. Eliciting vocal responses in severely and profoundly mentally handicapped subjects; *20* (4) 190.
